## BUSINESS DESCRIPTION

Our business specializes in the customization of PC building and system integration. We provide individualized computer solutions that are carefully designed to meet the unique requirements of our clients, whether they are for work, gaming, or programming purposes. Our objective is to create personalized PC systems that deliver the desired level of performance, functionality, and enhance the overall computing experience for our customers.

# ABOUT US

The screenshot shows a website interface with a dark header and a central content area. In the top left is a logo consisting of three overlapping circles in red, orange, and green. To its right is a search bar containing the placeholder "Search Products...". Next are links for "LOGIN / REGISTER" and a shopping cart icon showing "P0.00". Below the header is a navigation bar with links: "HOME", "LAPTOP", "DESKTOP PC", "PERIPHERALS", "PRICELIST HOT", "SUPPORT", and "ABOUT US", where "ABOUT US" is underlined. The main content area has a dark background with white text. It starts with a paragraph about the company's founding, followed by a section titled "OUR STORY" with a large, bold, multi-colored title: "Our company was started with one goal in mind: to do things the right way". A final paragraph provides more details about the company's mission and history.

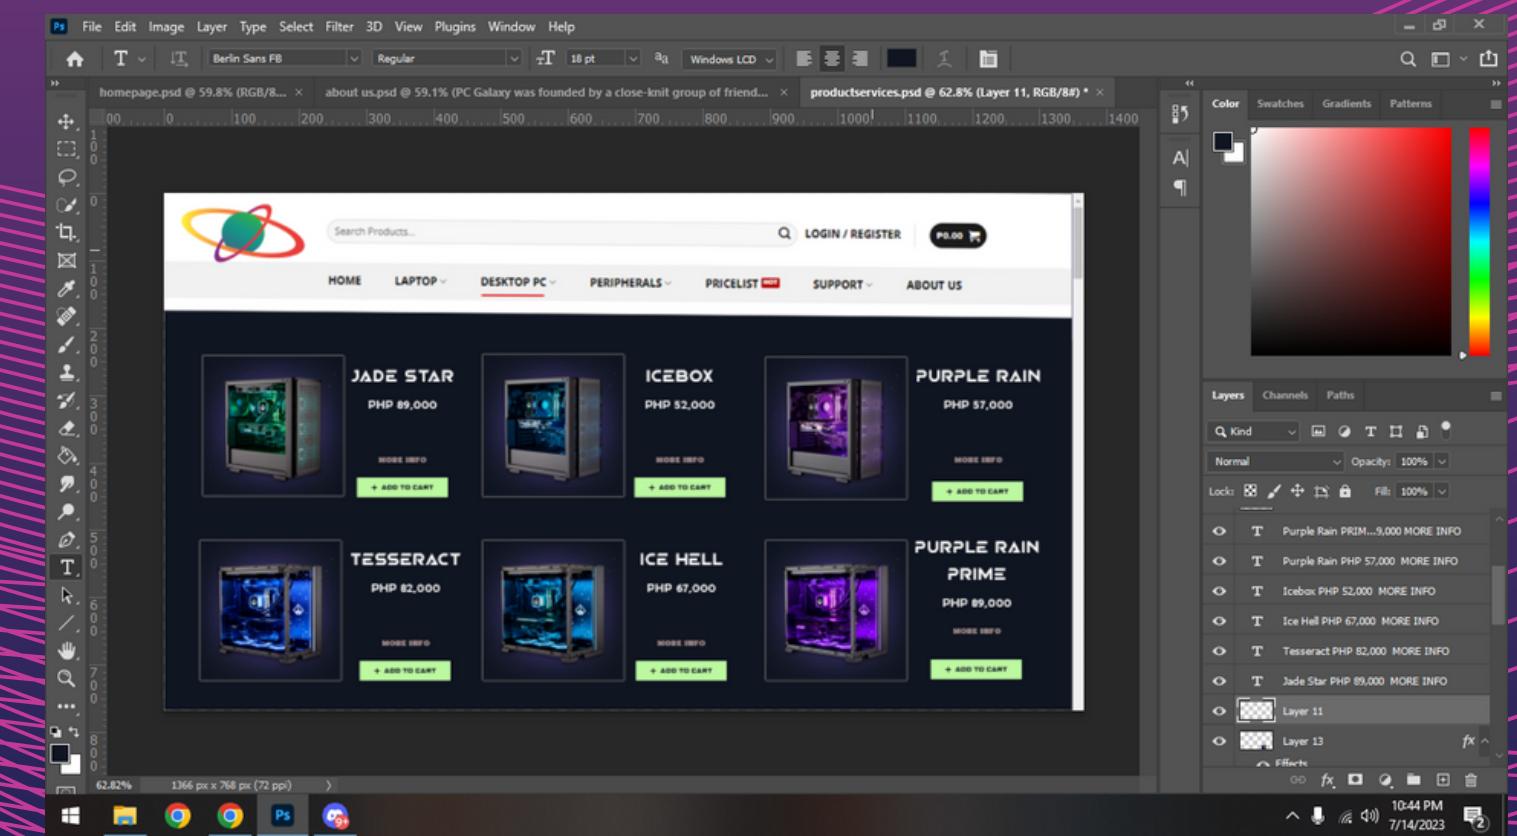

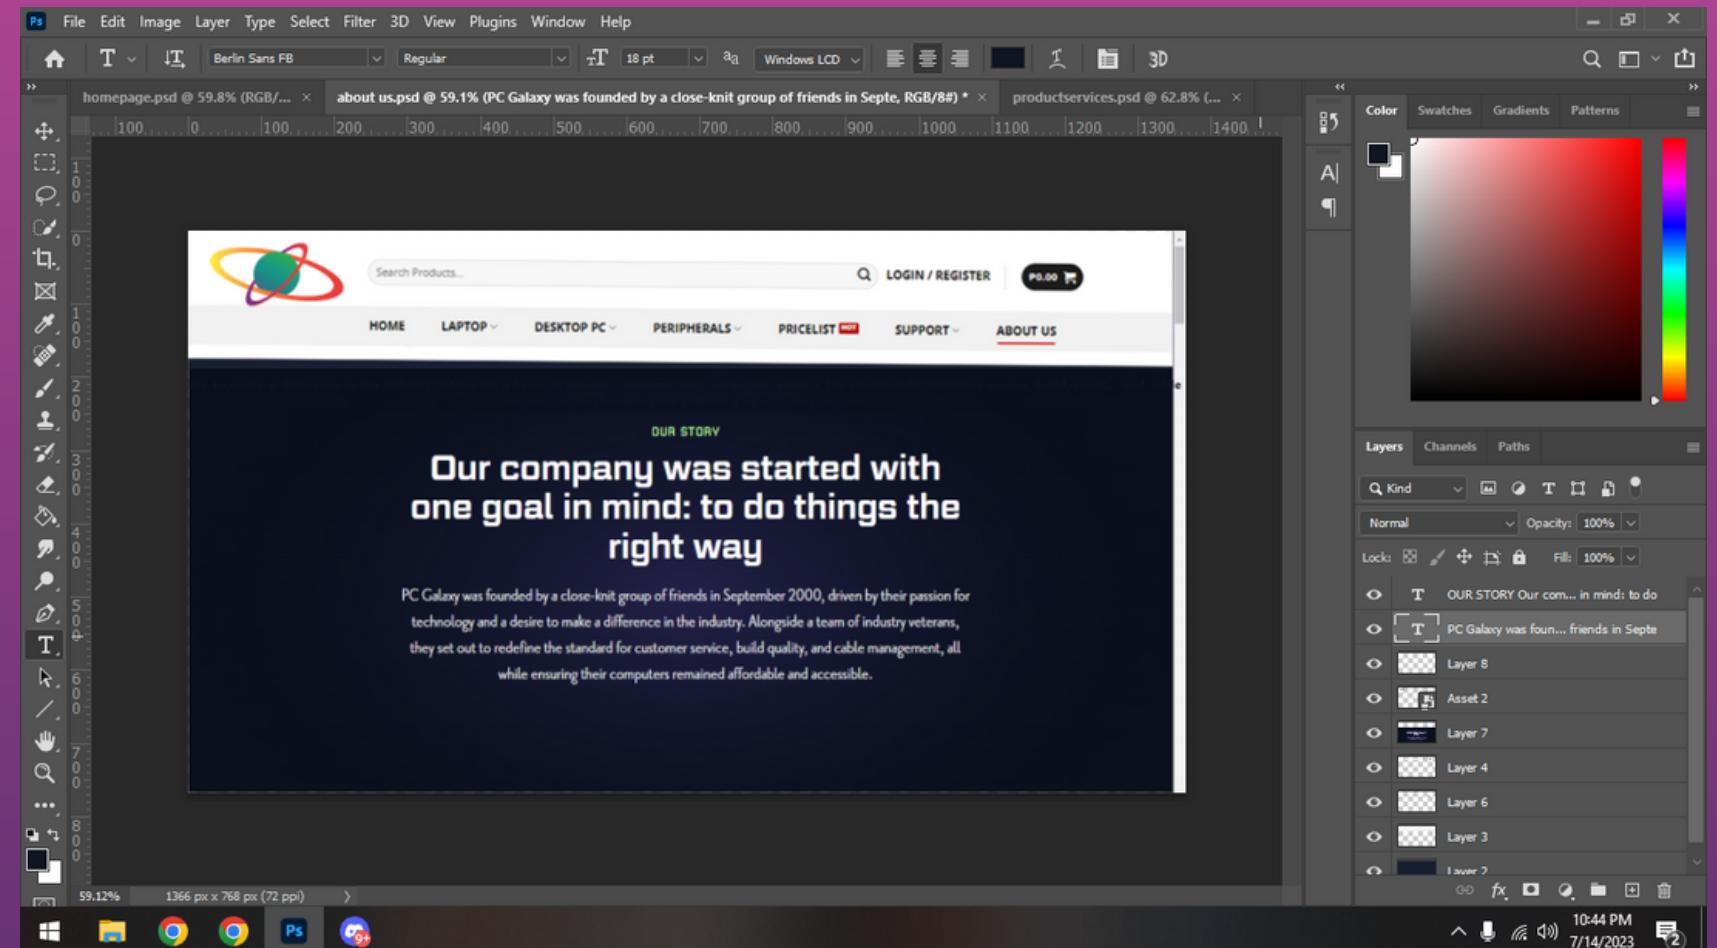

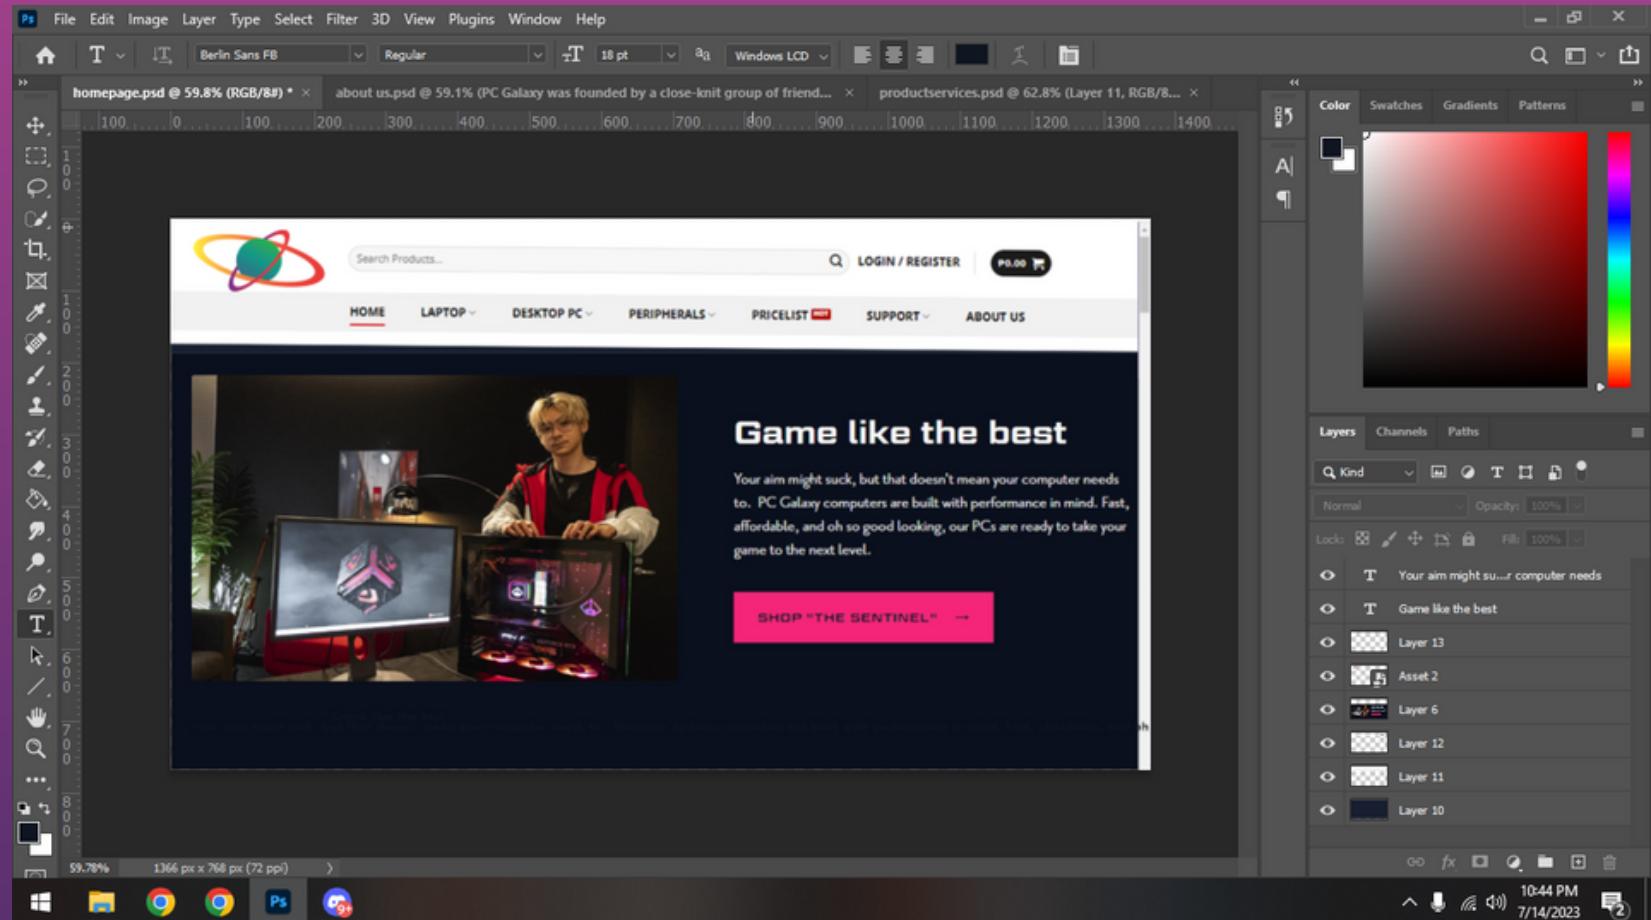

desire to make a difference in the industry. Alongside a team of industry veterans, they set out to redefine the standard for customer service, build quality, and cable management. PC Galaxy was started with one goal in mind: to do things the right way.

**OUR STORY**

**Our company was started with one goal in mind: to do things the right way**

PC Galaxy was founded by a close-knit group of friends in September 2000, driven by their passion for technology and a desire to make a difference in the industry. Alongside a team of industry veterans, they set out to redefine the standard for customer service, build quality, and cable management, all while ensuring their computers remained affordable and accessible.
